PROFILE

Front-End Developer with hands-on experience building responsive and user-friendly web interfaces using HTML, CSS, and JavaScript. Trained through practical programs at Aptech and Scrimba, with real-world experience delivering front-end solutions for freelance clients. Focused on clean UI implementation, responsive design, and continuous improvement in modern front-end development.

WORK EXPERIENCE

Brainatrix Solutions   2024 - 2024
Web Developer

Worked on front-end development tasks using HTML, CSS, and JavaScript to build user interfaces.
Assisted in developing and improving responsive layouts across different screen sizes.
Collaborated with team members to understand project requirements and implement UI components.
Gained practical experience following real-world development workflows, code structure, and version control practices.

EDUCATION

O-Levels Computer Science   2023-2025

A foundational subject that introduces students to programming, algorithms, data representation, computer systems, networks, databases, and cybersecurity. It builds strong logical thinking and problem-solving skills, preparing learners for further studies and practical work in software development and IT.

GED – General Educational Development   2026-2026

An internationally recognized qualification equivalent to a high school diploma, assessing skills in Mathematical Reasoning, Science, Social Studies, and Reasoning Through Language Arts.
